## Seek To Find Why Vet Killed 13 Neighbors

### Taken To Mental Hospital

Camden, N. J., Sept. 7.—(AP)—Why 28-year-old Howard Unruh slaughtered 13 persons and exactly how he did it were the subjects of investigation today.

Thirteen murder warrants—one for each of his victims—were issued today against the former artilleryman and sharpshooter. All charge Unruh killed "wilfully, unlawfully, feloniously and with malice aforethought."

Psychiatrists sought to learn: Was Unruh insane or did he know what he was doing.

If the hollow-cheeked killer proved sane he faces the maximum penalty of death in New Jersey's electric chair, says Prosecutor Mitchell Cohen.

### 13th Victim Dies

Unruh, the bible reading war veteran who collected guns as a hobby, went berserk yesterday. He stalked his victims in a usually quiet East Camden neighborhood, killing 12 instantly with bullets at close range from his German Luger pistol. The 13th—10-year-old John Wilson—died early today in Cooper hospital. Three others were wounded.

Unruh, who also has been in the hospital with a bullet in his hip, was removed suddenly this afternoon. County detectives told newsmen of the transfer after it was made.

Prosecutor Cohen said Unruh had been taken to the New Jersey state hospital for insane at Trenton where he'll be under observation for at least two weeks.

He underwent a 45-minute operation last night in an unsuccessful attempt to remove the slug. Doctors said the wound is not painful and it may be a week or longer before another effort is made.

Psychiatrists questioned Unruh today. Two others saw him yesterday. Cohen said he hoped to have their reports soon. He refused to disclose any results of the probe before that time.

After the psychiatric examination, Unruh posed willingly for photographers. But he wouldn't talk. His face was expressionless. Mostly he stared into space.

Police on 24-hour duty at the killer's bedside said he spent a sleepless night—"peeping at us from under the covers."

The guards said he "faked sleep." Unruh's mother, Mrs. Freda Unruh, about 50, was prostrated in her grief over the tragedy. She is seriously ill at the home of a sister. The family says the mother has not been told the full extent of her son's crime.

## Enormous Storm In Atlantic Heads Toward Bermuda

Miami, Fla., Sept. 7.—(AP)—An enormous Atlantic hurricane changed direction today and headed for Bermuda.

The British-owned Honeymoon Isles, 600 miles off the South Carolina coast, was told to prepare for hurricane force winds (75 miles an hour and over) before noon tomorrow.

Aircraft estimated highest velocity winds at 130 to 140 miles per hour on the eastern side of the gigantic disturbance, the weather bureau said in a 4 p. m. (CST) advisory.

"This is now a very large and severe hurricane and ships should avoid it," chief storm forecaster Grady Norton said.

At that time the center was located about 240 miles south of Bermuda and the storm was heading in a north or north northeast direction at 8 to 10 miles an hour.

## 'Aggressors' Lead In Maneuvers Of U. S. In Germany

Nuernberg, Germany, Sept. 7.—(AP)—U. S. constabulary troops, green-clad "aggressors" in American fall maneuvers in Germany, threw a spearhead across the Danube river tonight north of Munich.

Two thousand aggressor infantrymen stormed across the river in a swift, smoke-screened attack that caught the defending first division by surprise.

They held their beachhead despite a mythical battering of their support by B-50 bombers called up from English bases to aid the defense in the maneuvers staged jointly by the army, navy and air force. A total of 110,000 men of the three services are involved.

## Dulles, Lehman Run For Senate In N. Y.

Washington, Sept. 7.—(AP)—A big name contest this fall for one of New York's two key senate seats was assured today when Republican Senator John Foster Dulles, who is serving by appointment, announced he is willing to run for election in his own right.

Herbert H. Lehman, former New York governor and ex-director general of the UNRRA foreign relief set-up, already has announced that he will accept the Democratic nomination if it is offered to him.

Dulles employed similar delicate phrasing in his announcement, saying he really hadn't intended to run but would "gladly accept" the Republican nomination of it came his way.

These polite disclaimers, however, were brushed aside by the ward captains of both parties as mere fancy sugar frosting on a pair of very real candidacies.

In their view, it already was Dulles vs. Lehman, even before meetings of the respective state committees of the two parties make it official later this month.

Dulles is going to pitch his campaign on the issue of "statism." He said he would fight proposals which "exalt the state at the expense of the individual."

## Public Aid Chief Lives On Relief Funds For Month

Springfield, Ill., Sept. 7.—(AP)—An Illinois public aid commission official, his wife and four children lived on a general relief food budget for a month to find out how much scrimping it takes and whether it could be done.

The official, Carl K. Schmidt, Jr., of Elmhurst, summed up the results today in saying: "Living on a relief budget requires eliminating all but absolute necessities, careful meal planning, judicious buying and economical budgeting."

Schmidt is the commission's executive secretary. Because the commission recently cut state funds for general relief by 10 per cent, he decided to see what a family of six has to do to make ends meet on the lower food allowance.

## Merryman Named By GOP To Run For State Treasurer

Chicago, Sept. 7.—(AP)—Ald. Theron W. Merryman of Chicago was proposed today as a republican nominee for state treasurer.

The move may develop into a Chicago GOP fight against Simon A. Murray, unsuccessful GOP nominee for state auditor last year. Murray is reported backing Louis E. Nelson, Cook county treasurer, for state treasurer.

William G. Stratton of Morris, former congressman at large, and James Simpson of Wadsworth, Lake county, also are mentioned as possible GOP contenders for treasurer in the April primary.

Merryman was proposed by five freshmen aldermen in a letter to John Leonard East, Cook county chairman. The five are Archibald Carey, Edmund J. Hughes, Herbert Geisler, Allen Freeman and Alban J. Weber.

They said Merryman had led a council fight to license war veteran cab drivers, and has shown his "independence" in the council against leaders of both parties.

## Burning Building Erupts, Starts 15 Other Blazes

Philadelphia, Sept. 7.—(AP)—A burning building erupted like a volcano in downtown Philadelphia today, hurling bricks and chunks of flaming wood for three blocks and setting off 15 different fires.

The blaze started in a vacant seven-story building on Sanson street, four blocks from City Hall, shortly before 8 a. m. (CST). The building was being razed for a mid-town parking lot.

An hour later firemen said they had the fire under control. But suddenly the walls of the empty building began to buckle and break up.

Embers scattered in every direction. Bricks tumbled through the roofs of nearby buildings and peppered the streets.

Nearly three hours after the fire was under control, the roof of an

## Senate, Back From Recess, Still In Mid-Season Form

Washington, Sept. 7.—(AP)—A football star races up and down the sidelines before he enters a game. A boxer flexes his muscles by pulling on the ropes and shadow boxing before he fights his foe.

But not the U. S. Senate.

It came back from a week's holiday today, and admiring listeners couldn't help but notice that the senators, without a single pre-atory syllable, were in mid-season form.

The Senate met promptly at noon after the opening prayer, Senator Lucas (D-Ill.) said, "I suggest the absence of a quorum."

He was right. He always says that at the opening of a session, and he's always right.

The clerk began to call the roll, while the buzzer buzzed, warning senators that there was a quorum call, and that at least 49 of them had better show up and answer to their names.

The regular senate chamber is being repaired, so the senators meet in the old senate room, where it used to meet 100 years ago. It's a tight squeeze in the old place, with the press sitting directly behind the senators.

During the rollcall Senator Johnston (D-SC) came by as if he wanted to tell the reporters something.

"I drove in from home this morning," said Johnston. "Think I'll go out now and get a shave."

The clerk went through the list twice before he got enough "here's." Then the Senate turned to non-debatable chores.

Senator after senator got up to insert some speech he had made.

## After 16 Years, Free Parliament Takes Over Reich

Bonn, Germany, Sept. 7.—(AP)—A free German parliament took its place among parliaments of the world today after a 16-year interlude of rule by Hitler and occupying powers.

The Bundestag and Bundestag, upper and lower houses of the west German federal republic, convened for the first time in the hastily modernized capitol in this old university town.

The first session was marked by a demand that the dismantling of German factories by the allies cease.

Five days hence the 402 deputies of the Bundestag and 400 special delegates chosen by the 11 state legislatures will elect the new republic's first president.

As the parliamentarians met in brief sessions to elect their officers and hear formal speeches, high protestant and catholic clergymen in their churches prayed for the welfare of the new state.

## 2,000 Disabled Vets Will Get Special Houses

Washington, Sept. 7.—(AP)—Nearly 2,000 gravely disabled war veterans are expected to obtain up to \$10,000 each toward the cost of specially adapted homes under a bill which President Truman signed into law today.

Such grants were authorized previously for veterans suffering paralysis of the lower limbs due to spinal cord injury or disease connected with their war service. They were offered up to one-half of the cost of homes with special fixtures or movable facilities made necessary by their disability. The help was limited to \$10,000 in each case.

The new law continues such assistance for the group previously covered. In addition, it extends similar help to other veterans who have lost both legs, or have lost the use of them through paralysis or certain other ailments.

## VETS APPLY FOR INSURANCE DIVIDENDS

Washington, Sept. 7.—(AP)—World War II veterans are applying for term insurance dividends at the rate of 1,000,000 a day, the Veterans Administration said today.

The agency said about half the potential total of 16,000,000 applications have been received, and most of the rest are likely to come within a week.

The agency made the national service life insurance dividend application forms available in all post office and VA offices August 29.

## Rutledge Condition Still Unchanged

York, Me., Sept. 7.—(AP)—The condition of Supreme Court Justice Wiley B. Rutledge, gravely ill with a cerebral hemorrhage, remained unchanged late today.

The jurist's physician disclosed earlier today that Rutledge's left arm and leg are paralyzed. He has been in a coma much of the time since last Saturday.

Justice Rutledge, a summer vacationer at nearby Ogunquit, was stricken as he drove his automobile from Ogunquit to York Village on Aug. 27. Mrs. Rutledge was with him.

Dr. Elmer Tower's bulletin today said: "Justice Rutledge shows a slight improvement in speech, but his left arm and leg do not show any improvement in paralysis."

RUSSIA AGAIN VETOS  
Lake Success, Sept. 7.—(AP)—Russia used the big power veto for the 31st time today to block Nepal's bid for U. N. membership.

The security council vote was 9 to 2, with only Russia and the Soviet Ukraine voting against the Little Asian country.

## Cripps Asks Economic Readjustment For US

## Admirals Contradict Says World Must Not Suffer Crisis

Washington, Sept. 7.—(AP)—Two admirals today stonily contradicted the sworn testimony of Navy undersecretary Dan A. Kimball that he took steps to investigate a smear campaign against the Air Force.

Kimball acknowledged that he was "in error" about one phase of his testimony before a congressional committee last month and gave a new explanation.

The second version was promptly countered by another denial from one of the admirals.

The testimony developed in the stiffly formal atmosphere of a Naval court of inquiry which is investigating the source of date contained in the now notorious "Worth Memo" attacking the Air Force's B-36 bomber expansion program.

Cedric R. Worth, former \$8,500-a-year special assistant to Kimball has acknowledged authorship of the once anonymous memo which created a furor on Capitol Hill this summer.

After admitting that he wrote the document, Worth recanted all the charges of corruption and political wire-pulling as baseless. He is now under suspension.

Kimball told the Naval court he erred when he testified before the

## State Department Official Shocks Senate By Talking

Washington, Sept. 7.—(AP)—A voice from the state department spoke out on the senate floor today—and shocked senators quickly stuffed the forbidden words into the mouth of a senator.

The embarrassed state department official was Winthrop Brown, chief of the department's office of international trade policy. He blushed furiously while senators made sure the record would not show that a non-senatorial voice had spoken on the floor.

The episode came about in this manner: During debate on the reciprocal trade act, the question arose as to whether President Truman had sent a measure to the senate in the form of a treaty or a joint resolution.

Senator George (D-Ga.) turned to Brown, who was permitted on the floor as one of George's aides. Brown spoke right out loud—"It was a joint resolution."

Senator Wherry of Nebraska, Republican floor leader, objected to a state department official answering the question directly.

But it was quickly agreed the record would show that Brown's few words came from the mouth of Senator George.

Then everybody was satisfied.

## 10-Ton Truck Runs Wild Down Hill But Driver Escapes

Scranton, Pa., Sept. 7.—(AP)—A 31-year-old truck driver miraculously escaped death today when his 10-ton tractor trailer ran wildly down a steep hill, crashed into a bridge, exploded and burst into flame.

The driver, Gerald Murphy, leaped from the truck when it caught fire. He tumbled into the street, his clothing ablaze. Motorists wrapped him in blankets and removed him to the state hospital, where his condition was listed as fair.

The truck was loaded with roofing paper.

From his hospital bed, Murphy told police the truck was in low gear when "something happened and the truck ran away."

COASTGUARD BLAMES INEXPERIENCE IN SAILBOAT DISASTER

Chicago, Sept. 7.—(AP)—A U. S. Coastguard officer today blamed inexperience for the loss of four persons in a holiday sailing accident on Lake Michigan.

Lt. Chidney Broussard, in charge of marine inspection here, testified at the inquest into the death of Mrs. Laurel Neitzel.

The body of the 22-year-old bride of a few months was found lashed to the rigging of the half submerged Lorelei II Tuesday morning. The three other members of the sailing party were missing.

They were Mrs. Neitzel's husband, Carl, 29, and Louis D. MaQuessan, 24, and his wife Clarice, 22. The two couples left Chicago early Sunday for Michigan City, Ind.

There were heavy gusts of wind over the southern part of Lake Michigan that day.

## RECEIVE THREAT ON AMBASSADOR'S LIFE

Milan, Sept. 7.—(AP)—Police said today they received an unsigned letter saying an Italian planned an attempt on the life of U. S. Ambassador James C. Dunn in Turin Saturday.

Police hunted throughout northern Italy for the man named in the letter but failed to find him. Dunn is scheduled to speak at a trade fair in Turin.

## Says World Must Not Suffer Crisis

Washington, Sept. 7.—(AP)—Sir Stafford Cripps, British chancellor of the exchequer, said today the time has come for the U. S., Britain, and Canada to consider "some readjustments in our economies" to prevent frequent economic crises.

Cripps made the remarks at the opening session of the British-American-Canadian financial conference called to solve Britain's serious dollar shortage.

Cripps warned that there would be "dangers to the whole trading structure of the world" if the three power conference fails.

Do Not Want Aid  
The bespectacled British treasury chief made it clear that the British delegation headed by Foreign Minister Bevin has not come here hoping for a new special aid program from the U. S. government.

"I should like to make it very plain that we are not here," he said, "to ask for charitable aid or for any special direct assistance beyond that which is already contemplated under the Marshall plan, which we hope will continue till the middle of 1952, the date originally fixed for its completion."

Cripps did not go into the "readjustments" that he thought the three western nations should make in their economies.

But on Britain's part he pledged every effort to reduce the cost of British production "to enable our industries to supply on a competitive basis the goods which are needed by the rest of the world."

More 1 Dollar Sales  
And he appealed to the United States and Canada for larger opportunities for Britain to earn dollars. One aim of the British is "to sell more goods in the United States market."

The text of Cripps remarks, voiced at an afternoon session, were made public tonight. Cripps spoke after secretary of the treasury Snyder in his opening statement emphasized that the British government must take into account plans under way to taper off Marshall assistance to Britain and western Europe.

Snyder, the top American negotiator, told the British and Canadian negotiators:

"In a spirit of mutual understanding, we are prepared to listen to your views, and to take such cooperative steps as would be appropriate within the framework of our existing foreign economic policies."

The head of the Canadian government delegation, Finance Minister Douglas Abbott, stressed in his first statement that the principle of "one for all" contained in the North Atlantic defense alliance should be remembered in the current conversations.

Rules Profanity Not Good Reason To Fire Employee

Chicago, Sept. 7.—(AP)—Should a worker be fired for using "excessive and loud" profanity?

A trial examiner for the National Labor Relations Board says no. Profanity, said the examiner, Louis Plost of Washington, D. C., does not stem from a lack of moral sense.

In fact he defended swearing as a lost art.

Plost recommended that Edna Ruggles be reinstated in her job at Indianapolis Glove Co., Marion, Ind. She was fired for, among other things, excessive and loud profanity.

In his recommendation, sent yesterday to the NLRB, Plost said: "The day when a curse was designed and intended to call down the wrath of Heaven upon any object, animate or inanimate, has happily passed."

NO SPORTS—NO SCHOOL  
Hazleton, Pa., Sept. 7.—(AP)—Two hundred students threw up a picket line around Hazle Township high school today waving placards that said: "No sports—no school."

The strike came one day after opening of the school for the 1949-50 term and followed a school board order abolishing football.

About 300 other students remained in their classes.

WEATHER

The Norbury Sanatorium, cooperative observer for the U. S. Weather Bureau, yesterday reported the temperatures for Wednesday as follows: High, 80; low, 62; and at 6 p. m., 70.

## HE CAN'T TALK

(From The Detroit News)  
Although some members of the senate have suggested that General MacArthur is lacking in a sense of propriety for having twice refused their invitation to attend a committee hearing in Washington, it would be unjust to him not to point out that it is a sense of propriety which keeps him in Tokyo.  
The senators who asked him to return are critics of the administration's China policy, and they are looking for support for their views from MacArthur.  
They would doubtless get it if he were in a position to speak frankly; there have been numerous indications that the American commander in the Far East believes that we are following a weak and dangerous course in that area.  
But no military commander can put himself publicly in the position of denouncing a national course in foreign affairs, or of disagreeing with the views of the president and secretary of state in matters of international policy.  
Were MacArthur to return, he would either be a total disappointment to the senators who have been pressing him, or the resultant explosion would shake Washington. The general knows that well enough, and the senators ought to be able to see it also.

## ENROUTE HERE FROM AUSTRIA

Monica Faber walks through the arch of Vienna's city hall, the Rathaus, shortly before beginning her 6,000 mile journey to Jacksonville, to study at MacMurray College. In the distance can be seen the twin spires of the famous Votiv Cathedral.

During the last week in August a 22-year-old Austrian girl who has been appearing in "Everyman" at the Salzburg Festival said goodbye to her friends and relatives and began a 6,000 mile journey to Jacksonville, to study drama and speech at MacMurray College.  
Monica Faber, whose home is in Salzburg, is one of 47 English-speaking Austrian students sailing from Europe early in September, who will study in American colleges this year under scholarships obtained through the efforts of the Education Division of the United States Forces in Austria.  
The Salzburg girl, who is already a professional actress in Austria, expects her studies at MacMurray College to be very helpful in her future career.  
The USFA Education Division program gives outstanding Austrian students the opportunity of studying in America.

## Delegations Resist Wabash Petition To Take Off 2 Trains

Springfield, Ill., Sept. 7.—(AP)—The Wabash railroad's petition to take off two passenger trains between Decatur, Springfield and Hannibal, Mo., ran into strong opposition at an Illinois Commerce Commission hearing Wednesday.  
The petition was opposed by three railroad brotherhoods, the Decatur branch of the Railway Mail Association, and spokesmen for Pittsfield, Naples, Jacksonville, New Berlin, Bluffs and other communities on the line.

## Alexander WSCS Names Burgoon Committees

Committees for the burgoon which the Alexander W.S.C.S. is planning to hold in the near future were appointed at a meeting held at the church, with Mrs. Sylvia Strawn, Mrs. Twyla Smith and Mrs. Elizabeth Wood as hostesses.  
Mrs. Josephine Muckleston was named general chairman, with Mrs. Jessie Smeltzer assisting.  
The meeting was conducted by Mrs. Mae Kinnett, president. Miss Flora Hall had charge of devotions. The lesson, "Our Faith," was presented by Mrs. Zelma Dowell. Mrs. Carmen Becker read an article entitled "Ask Donna Gelda."  
During the social hour, refreshments were served by the hostesses. The next meeting will be held Oct. 8 at the church.

Mrs. Bechtel accompanied Mrs. Louise Dunlap of Washington, D. C., formerly of this city to East Traverse Bay where Mrs. Dunlap spent the summer season at her cottage.

## Nortonville Club Meeting Attended By 20 Members

Mrs. Ethel Newingham was hostess at the Nortonville Community club's first meeting of the year. Twenty members and five guests, Lawrence Whitlock, Darlene Kelly, Marjorie Mutch, Helen Bolton, and Linda Kay Bolton, were present. Mary Bolton led the pledge to the flag, after which "America" was sung by the group. The program, "Consolidated Schools and Buses," was given by Dorothy Gley. The topic for roll call was "A School Day Experience."

## Public School Staff Has 20 New Members

The public schools which opened Thursday, Sept. 1, have 20 new members on their staff of 120 teachers and principals. One additional teacher was added in the high school to provide for a larger enrollment in woodwork and a part-time teacher was added in agriculture.  
In the elementary schools one additional teacher was added at the Franklin school and one at the Washington school because of the increasing enrollment on the primary level. An additional speech correctionist was added to the staff to provide for a larger number of students in the public schools as well as pupils at the School for the Blind and other pupils in this area who are in need of corrective training in speech. The school district is reimbursed by the state for the cost of the speech correction program.  
Four new teachers at J. H. S. In the high school there are four new staff members. J. T. Fennessey, of Jacksonville, who will teach driving training, is a graduate of Illinois college and has done graduate work at Western State college. In vocational agriculture there will be two new teachers, Gerald Kuster of Danvers, Ill., who will head the department, with Clarence Stark as part time assistant. Both men are graduates of the University of Illinois.

THE STORY: Gaynel Teare has accepted Fritz Freyman's proposal of marriage. She is wildly in love even though she knows there are many problems to be settled. Gaynel's family, which she has supported since her father's death, must now get along on a moderate income and not rely on Gaynel's salary. Gaynel's husband is to tell Barry Rimbidge, a wealthy young man, who is in love with her. Barry had asked her to marry him and Gaynel promised to give him an answer later. In the meantime she had fallen in love with Fritz. Now, as Gaynel and Barry return home from a football game, Gaynel decides to tell Barry her plans. She starts to break the news, and Barry asks her, "What are you trying to say?"

XXVII  
BARRY looked at her now for a long moment. "If you're trying to give me that answer I asked for, you needn't hurry. I don't want to rush you. Perhaps that was taking you too much for granted. But I see it differently now. I want you to take all the time you want to decide. I want you to be sure, as you said."

"That's dear of you, Barry." She wished he weren't such a dear. He did not make it easier by being like that. "I told you I'd tell you as soon as I was sure. I am sure now, Barry. And I'm so terribly sorry I can't give you the answer I'd like to give."

He had not looked at her, or said a word, but she had seen his hands tighten on the wheel, the knuckles white. "You'll wonder why I'm so sure—now," she said. "I promised I'd tell if ever there was someone else. . . . Oh, I hate myself for having to tell you this. Truly I do. I wouldn't tell you, Barry, if I weren't so sure."

"That's all right," he said. And still without looking at her: "It's Freyman, isn't it?"

"Yes."

"I think I've known it all along. I told you I felt some sort of change in you—after you met him."

I guess I woke up—too late."

"You mustn't say that. Or feel it. As I told you, I don't believe you love me—not in the way I love Fritz. Why, Barry, it simply turns your whole world upside down! It makes you giddy—silly—and so ridiculously happy you scarcely can bear it. You don't really feel that way about me."

"Never mind that," Barry said. "Please." He looked at her now. He did not try to hide the hurt in his eyes. "It's a bit too soon for condolences. Right on top of a death sentence."

"You mustn't take it like that, Barry." He did care. In the way she felt about Fritz. But he would get over it. "I'm so fond of you, Barry, you're so much a part of my life; I want you always to be that part. I owe you terribly much to you, more than I ever can repay in any way."

"NEVER mind that, either."

Barry said; but not so shortly. This had been a blow, but he would not give up yet. He still had too much to offer her. It still seemed too right—and sure—that he and Gaynel belonged together; always had and always would. He could afford patience. "You don't owe me anything, Gaynel."

"Indeed, I do!"

"Are you—and Freyman planning anything definite—in a hurry?" Barry's eyes were on the road again; but there was a good deal back of his light question.

"Not in any big hurry," Gaynel said. She felt as though a tremendous load had been lifted from her. Barry really had taken it very well. As she might have known he would. "Fritz wants me to tell the family. That won't be much fun." She laughed. "I owe them so much, too. I can't just walk out. Fritz understands that. We . . . we're going to work it out somehow together." Yet saying this now to Barry it did not sound so very simple. That dreadful

doubt caught hold of her again; those cold sober facts.

"That's good." He did not sound as though he thought it would be simple, either. Barry knew Gaynel's family.

GAYNEL said proudly, as though meeting a challenge. "Fritz has a grand new job. With a newspaper syndicate. He can take care of both of us nicely. Of course I wouldn't want him to take on my whole family—even if he could afford it."

"Of course not," Barry said. "I don't believe he'd do it, either." Gaynel mused. "He'd think it wasn't his job. Fritz has all sorts of ideas; he's a serious person—and stubborn. Though you'd never guess it, because he's always clowning so. I wish," she turned appealing toward Barry's set profile, "you knew him better. Barry, I hope you will."

"I hope so, too," Barry was polite, nothing more.

Barry swerved the car, with a twist of lean wrists, out of the way of another that almost side-swiped them in trying to pass. "That was a narrow one," he said. "You handled it beautifully."

She had had a bad moment. "But you will be friends?"

"Of course," Barry could handle other things as well as he could a car. His tone begged apology, as well as his eyes, "you must remember this isn't exactly—simple—for me. But I don't count. All I want is for you to have what that sounds like the set speech for the losing rival, but it comes from the heart, Gaynel. You know that."

"I know," Gaynel said. She put her hand over his on the wheel; a brief gesture of thanks, of sympathy and affection, that came from the heart, too.

Barry said, "There's one thing more. If you ever should change your mind—I'll always feel the same; you'll always be the one and only; you were mistaken about that. I told you that even if there was someone else, I'd take that chance."

She said, "I'll always remember, Barry."

## Says Commander Of Amvets May Visit This City

L. S. Ruby and Wayne Herrin returned to Jacksonville Tuesday from Des Moines, Iowa, where they attended the 5th National Annual AMVET convention as delegate and alternate from the local AMVET post.

Commander Ruby stated that among the high lights of this year's convention was an address given by Harry S. Truman, President of the United States, and the election of Harold Russell, handless war-vet-

eran of motion picture fame, as National Commander of AMVETS. Russell lost his hands in a bomb explosion in 1944 in making his 51st jump as a paratroop instructor.

Ruby said that Russell's supporters in his campaign for national commander stressed what he will be able to do for AMVETS in both membershipwise, and from the standpoint of public relations and national prestige. His recent experience as the author of the best seller, "Victory In My Hands" has also opened many doors to him in the publishing world. Russell indicated that he will barnstorm the country as no national commander has before in an all-out effort to build up AMVETS from the grass roots.

Some Chance of Visit  
Asked if there is a possibility that Harold Russell would pay Jacksonville a visit in his barn-storming travels, Commander Ruby replied: "There is a remote possibility that he will, and I assure you that Jacksonville Post will certainly extend him a cordial invitation to honor Jacksonville with his presence."

The AMVET convention adopted a housing resolution urging congress to boost the GI home loan guarantee from \$4,000 to \$7,500; approved a 20 point peace and preparedness resolution; urged a Pacific pact similar to the Atlantic pact; asked that shipments of all goods from this country to Russia and her satellites be prohibited; requested registration of all Communists in this country;

approved a resolution in favor of a federal bonus up to \$4500 for World War II Veterans; voted overwhelmingly against the merging of the AVC organization with AMVETS.

Other officers elected included vice commander at large—Miss Dorothy Sayer, Granite City, Ill.; judge advocate, George Heath, Waterloo, Ia.; surgeon general, Dr. Harry Newmish, Salem, Ill., and provost marshal, Robert E. Wesche, Chicago.

**Tax For Oaklawn To Be Up For Renewal At November Election**

The annual rally dinner of the Morgan County Tuberculosis and Health League was planned Tuesday evening at a meeting of the executive committee, held at the home of Rev. McKendree Blair, the president of the league. The time of this meeting was decided on for Monday, September 26, and will be held at the dining hall of the Masonic Temple.

This is an important year for the activities of the Tuberculosis Association for the reason that the funds for the continued operation of Oaklawn Sanatorium must be voted on by the electors of Morgan County at the fall election in November.

In the past the funds for the maintenance of the Sanatorium have been voted for ten year periods. This period expires next year. If the Sanatorium is to be continued in operation the funds for the next fall period will need to be authorized by the voters of the county. It is the function of the Tuberculosis League to bring this matter to the attention of the public.

At this meeting Dr. W. C. Reineking reported the results of a conference at a joint meeting of the Board of Directors of the Sanatorium and the members of the County Board of Commissioners, and was present also at the meeting with States Attorney, Albert Hall and Dr. Clifford Hall of the Division of Tuberculosis Control of the State Board of Health.

Dr. Hall explained the workings of the new tuberculosis laws, passed at the last session of the State Legislature and signed by the Governor during the summer. The most important of these laws provide State aid at the rate of three dollars per day per patient to any Sanatorium whose regularly voted funds are insufficient to operate the Sanatorium on a high plane.

It is necessary, however, if State aid is to be made available, that the voters of the county shall have voted the legal 975 cents. Dr. Hall stated that it was not necessary that the funds so authorized by the voters be appropriated in full. The tax levy for the Sanatorium is in the hands of the County Commissioners and they levy a tax of only .05 cents to make the Sanatorium fund eligible for State aid. The vote of the electorate of the county is only permissive and the Commissioners levy only a sufficient sum to cover the adapted budget of the Sanatorium.

A separate ballot for the vote for Sanatorium funds for the next period will be provided at the November election.

**Grain Mart Steady To Firm; Corn Up, Wheat Is Sluggish**

Chicago, Sept. 7.—(P)—Corn moved up for gains extending to more than a cent in a steady to firm grain market today. Other cereals did not match the gains of corn, and wheat in particular was inclined to lag.

Dealings were not very active, being left mainly in the hands of local traders. The September corn contract was the strongest on the boards, helped along by short-covering, while May wheat was the weakest. There were sales in May wheat against purchases of December.

Receipts were: wheat 8 cars, corn 78, oats 21, rye none, barley 40, and soybeans 3.

Wheat closed 1 lower to 1 higher, September \$2.05-\$2.05; corn was 1-1/2 higher, September \$1.25-1.25; oats were 1-4 higher, September \$1.44; soybeans were unchanged to 1 higher, November \$2.34-\$2.34, and laid was 5 cents lower to 15 cents a hundred pounds higher, September \$12.30.

### Yanks Hold Lead; Whip Bosox 5-2

New York, Sept. 7.—(AP)—The New York Yankees lengthened their American League lead to 2½ games tonight by storming from behind to down the Boston Red Sox, 5-2, while Smokey Joe Page struck out four of five men he faced in his 49th relief job.

Billy Johnson's second triple, followed by an expensive throwing error by Vern Stephens, enabled the Yanks to come from behind with a two-run spurt in the seventh. Bobby Brown nailed down the lead with a two-run homer off Jack Kramer in the eighth.

Boston led all the way until the seventh after taking advantage of Allie Reynolds' wildness in the first inning. Reynolds walked the first three Sox batters. Two scored on Bobby Doerr's single.

## Cardinals, Dodgers Maintain Pace With One-Run Victories

St. Louis, Sept. 7.—(AP)—Four sharp singles in the last of the ninth brought the St. Louis Cardinals from behind to give them the necessary two runs for a 3 to 2 victory over the Chicago Cubs tonight.

Doyle Lade gave up as many hits in the last frame as he had during the previous eight innings.

Glenn Nelson opened with a single. Joe Garagiola fouled out, but Solly Hemus kept the 19,454 fans alive with a single, sending Nelson to second. Jones then batted for Howard Pollet, knocking the ball over Bob Ramazzotti's head at third, Nelson scoring.

Then with Red Schoendienst purposely passed to first the bases, Marion came through with the game winning blow.

The Cubs had taken the lead in the eighth when Lade bunted with Mickey Owen on third. Owen, who had doubled and taken third on a ground out, beat Pollet's throw to the plate by inches.

The contest was scoreless until the fifth when the Cubs broke the ice with a single by Hank Sauer, scoring Hal Jeffcoat from second. Jeffcoat had singled and stolen a base.

Nelson evened the count in the Redbird half of that inning with his first hit in 17 trips to the plate—a home run with the sacks empty. The Cubs hit Pollet freely, getting 12 safeties, but they left 15 men on base. On the other hand Lade limited the Redbirds to four hits going into the ninth.

The victory saved the Cardinals from dropping into a virtual tie with the Brooklyn Dodgers. They still remain a game ahead of the Brooks in the National League race despite a Dodger 5 to 4 victory over the Boston Braves tonight.

### Football Briefs

Illini Regulars Held Sept. 7.—(AP)—The first string Illini football team, minus three highly rated ball-carriers, was held to one touchdown today in a long scrimmage.

As a result, the Illini offense appeared due for an overhauling. Bernie Krueger passed to Walt Kersulis for the only score. Second and third stringers outscored the regulars on yardage totals.

First string halfbacks Sam Piazza and John Karras and fullback Burt Schmidt took it easy as coach Ray Eliot tried out other hopefuls.

Aldo Martignago, regular guard, was shelved with a throat infection and was replaced by Chuck Studley, sophomore from Pontiac, Ill. Minor ailments also have sidelined Ronnie Clark, Russ Steger and Eli Pope, backs, and Joe Cole, Bill Noonan, Dick Jenkins and Rudy Valentino, linemen.

### Wildcat Vet Clinches Old Spot

Evanson, Ill., Sept. 7.—(AP)—Joe Zuravleff, Erie, Pa., senior who missed most of last season with a broken arm, tightened his grip on the left end spot today as Northwestern University's football team intensified drills.

Zuravleff seems to have recovered his old form. But there won't be a pair of Erie flankers, as had been hoped. Chuck Hagmann, right end from Erie, is out for the season because of a back injury from a summer automobile accident.

The Wildcats worked on backfield blocking and running plays today.

### Irish Injured List Grows

South Bend, Ind., Sept. 7.—(AP)—Frank Johnston, Chicago sophomore left guard, today joined Notre Dame's injured list. He suffered a pulled ankle tendon and will be sidelined for a week. In line scrimmage, the first string backfield was composed of Bob Williams, quarterback; Bill Gay, left half; Larry Coutre, right half, and Emil Sitko, fullback.

### White Sox Blast Brownies 7 To 1

Chicago, Sept. 7.—(AP)—Bill Wight, Chicago left hander, stopped St. Louis on five hits tonight as the White Sox defeated the Browns, 7-1. Wight gained his twelfth victory before the smallest paid crowd of the White Sox home season—only 2,210.

Two walks off starter Cliff Fannin and Dick Starr for four runs in the fifth. Wight opened the Chicago eighth with a double, the game's only extra base hit. He scored after Freddie Hancock tied.

Les Moss singled Jerry Priddy across with the lone Brownie run in the sixth.

Boston, 5-4, tonight in a game enlivened by a fist fight between Eddie Stanky of the Braves and Spider Jorgensen of the Dodgers.

Stanky apparently spiked Jorgensen accidentally in the play at second base in the fifth inning while pivoting on a double play. After a wild flurry, ending in the removal of both players, the Braves overcame a 3-1 Dodger lead by scoring three times in the sixth with the help of errors by Peeewe Reese and Jackie Robinson.

Miksis, filling in for Jorgensen, who had a triple and two singles before he was chased, came up in the seventh with one out and Reese on base. Facing Nelson Potter, third Boston pitcher, Miksis hammered his first homer of the year into the left field seats.

Boston scored in the first on Tommy Holmes' single with the bases loaded but the Brooks came back with three off Vern Bickford on a walk, Carl Furillo's triple, a fly and Roy Campanella's 18th homer.

## Flora H.S. Likely To Field Another Strong Grid Team

Springfield, Ill., Sept. 7.—(AP)—Flora high school which seldom joeses on the gridiron apparently has the making of another fine football team this year.

Coach Bert Dancy, starting his 23rd season at Flora, isn't touting his current batch of pigskin chasers. He points to the scarcity of hold-overs from his 1948 North Egypt conference champion eleven—just four.

But rival coaches already are plotting ways of stopping fullback Don Hall, the hard running Flora ball totter who galloped all over the place a year ago. And they know all about Dancy's team-molding skill.

Dancy's outfit will be shooting for its 10th North Egypt pennant in 20 years, its last in the last five years and fourth undefeated campaign in 13 years.

Returning regulars besides Hall are quarterback Eddie Smith, Tackle Jack Staley and Guard Harold Davis. Some likely looking prospects are on hand to help out.

In the Northwest Loop, fans are anxious for a glimpse at the 27 offensive Coach H. V. (Shorty) Alquist plans to unveil to foes of Rock Island's Rocks.

Alquist's formation is causing about as much stir as the V-8 system introduced at Centralia last year by Veteran A. L. Trout. The Rock Island strategist describes the 27 as a blend between the T and single wingback styles.

The South Six conference becomes the South Seventh this season with reentry into the circuit of Herrin's Tigers. Herrin, an independent club in recent years, bowed out of the conference seven years ago. Benton, Centralia, Harrisburg, Marion, Mt. Vernon and West Frankfort round out the loop.

Sterling's warriors will show one of the biggest players in the North Central conference—if not in the entire state—in Tony Pizarro, 290-pound lineman.

There are a lot of new coaches making debuts in the big 12. One of them, Norris Patterson at Danville, is expected to have a mighty strong contender. Patterson came to Danville from Excelsior Springs, Mo. Other mentors beginning first seasons with present schools include Leon Dally at Peoria Central, Robert Juron at Peoria Manuel and Edward Migelcz at Lincoln.

East Aurora's hopes for the Big Eight title were jolted when John Mouis, Stellar 182-pound fullback, broke his leg in a recent practice session. Mouis started offensively for the Tomcats in 1947 and 1948.

All four Springfield high schools will play home schedules in a brand new northside stadium seating 8,000 persons. The stadium is equipped with an excellent lighting system. Springfield, Feitshans, Lanphier and Cathedral will use it.

Coach Wirt Dowling has arranged another heavy, 10-game card for his East St. Louis Flyers. East St. Louis will be pointing for an Oct. 28 meeting with Moline's powerful northwestern entry, which dumped the Flyers 27-13 last season. As usual, the Flyers are regarded as a leading favorite for the Southwestern loop title.

Pittsburgh, Sept. 7.—(AP)—The Cincinnati Reds made it two straight over Pittsburgh by pounding out a 5-2 win tonight before a crowd of 12,367.

Catcher Walker Cooper drove in three Red runs with a triple. The others came on homers by outfielder Danny Litwhiler and pitcher Kenny Raffensberger.

Cliff Chambers, who went down to his seventh defeat against nine wins, gave up a single to Grady Hatton and walks to Peanuts Lowrey and Ted Kluszewski before Cooper's base-clearing clout in the fourth. Litwhiler's four-bagger came in the sixth and Raffensberger's in the eighth.

## 30 Athletes Report To Coach Art Yates; 8 Lettermen Return

Thirty gridmen, the smallest football squad in recent ISD history, reported to coach Art Yates as the westenders swung into their opening practice yesterday.

The Tiger squad's activity fills in the Jacksonville football picture. The last of four local teams to start '49 season drills, the ISD coaches lagged only one day behind the Illinois College huskies in getting the football rolling.

Athletic director Spike Wilson confided that this year's turnout was the smallest he has seen since coming to ISD in 1937. Wilson is assisting head coach Art Yates with the backfield. Yates is beginning his fourth season as gridiron mentor at the school.

Eight letter-winners, including six regulars from last year's pace-setting eleven, reported to bolster the tiny turnout. Yates' backfield, which sparked the 1949 Tiger crew to an unprecedented national ranking, among deaf gridlers, was hardest hit by graduation.

Stanley Kwiat, deaf All-American selection last season, is gone from his fullback spot. Billy Yates, signal calling quarterback, and Dave Early, a wingback are also missing from the ball-toting department. Only Alta Hood returns to fill his regular backfield post.

However, two letterwinners from last season's eleven who earned awards by filling in at backfield posts, were among yesterday's candidates. Ray Helms and Gilbert Paul are experienced ball carriers of note who are expected to make the grade as regulars this year. Carl Briggs, a husky fullback who was sidelined last season, is making his grid comeback this year and picture considerably.

Line In Good Shape

Only two positions remain to be filled in the forward wall. Notable standouts among the linemen are Irwin Carlstedt, tackle, back for his fourth year of prep competition and Jerry Tuschman, husky center with three years of varsity action under his pads. Other regular line returnees are Ted Zuziak and Jim Villani, ends and Robert Liedberg, a guard.

Sorely missed from the line is Victor Marsala, who, like Kwiat, was named to deaf All-American honors last season.

To show that the '49 Tiger edition is going to have to step high in order to fill their immediate predecessors' shoes: Last year's ISD toughies ran roughshod over all competition for five straight games to start the '48 campaign. They hit a slight stumbling block in the Iowa deaf ball club and came out of the battle nursing a 6-6 tie.

They picked up another win before dropping a single contest to Jacksonville high school and wound up the season with a record of 6 wins, one tie and one loss.

Ranked Fifth In Nation

The ISD '48 campaigners were named fifth among the top deaf football teams in the entire nation. Two aforementioned individual honorees were given Kwiat and Marsala. "It's much to early to tell about the younger boys who will have to fill those empty shoes," said Yates. "We've got a long way to go before our opener against Carrollton here the 24th of Sept." The Tigers play their '49 inaugural against the Hawks of Carrollton Saturday afternoon, Sept. 24. All home games will be played on Saturday afternoon at ISD, Athletic Director Wilson announced.

Butterflies, said to be the most far-sighted of all insects, can distinguish movements only about six feet away.

## Baseball Bonus Rule Sticks Says Happy Chandler

Cincinnati, Sept. 7.—(AP)—There will be no change—at least for the present—in baseball's controversial bonus rule.

Walter Mulby, secretary-treasurer of baseball announced today from Commissioner A. B. Chandler's office that a proposal to repeal the rule had been voted down by the club owners.

The rule—as it applies to the major leagues—provides that if a player is paid more than \$6,000 to sign a contract he may be sent to the minors for one year and then may not again be sent down for seasoning without first being placed on the waiver list. Until a few months ago, bonus players couldn't be sent to the minors at all without being placed on the waiver list.

# Morgan County Officials Order Ban On All Gambling

## Battle Against Cancer 'Encouraging,' Gowan Tells Morgan Chapter

An optimistic attitude towards cancer was advocated by Dr. G. Howard Gowan, chief of the Division of Cancer Control, Illinois Department of Public Health, in an address given Wednesday at the second annual meeting of the Morgan county chapter of the American Cancer society.

Speaking before a group of nearly 100 persons assembled in the banquet room of the Dunlap hotel, Dr. Gowan declared that in view of the continuing progress being made in the fields of cancer research and treatment, an optimistic attitude is in line with logical thinking.

## Say Mail, Express Services Hurt By Burlington Change

Springfield, Ill., Sept. 7.—(AP)—Officials and residents of Galesburg, White Hall, Beardstown and other communities today protested against discontinuance of Chicago, Burlington and Quincy railroad passenger trains 51 and 52 between East St. Louis and Savannah.

The trains have not operated since March, 1948. The railroad is seeking authority to make their removal permanent.

Railroad officials said the trains lost \$300,000 a year when last operated. Spokesman for the cities served by the trains said their removal has slowed down mail and express service.

Among those opposing the discontinuance were mayor Ralph Johnson of Galesburg and state Rep. C. R. Ratcliffe of Beardstown.

## Burgoo By Perry Features Arenzville Picnic

Many friends of the Arenzville community Wednesday joined the residents of that neighborhood in the celebration of the 10th anniversary of the founding of the city. The annual picnic will continue through Thursday, concluding with a dance in the new Legion Home.

Eliza Perry of Meredosia, veteran burgoo soup maker, was in charge of the kettles again this year. Mr. Perry has been blending choice ingredients into excellent soup "for about 40 years." Several seasons ago he won considerable national acclaim by furnishing his secret recipe to the head cook of the White House, who used it to make some soup for the late President Roosevelt.

Mr. Perry and his long-used ladle are shown at the first of a battery of kettles set back of the Arenzville city hall. They'll be full again today and tonight. Shown with him are those important allies in the art of soup-making, the volunteers who stir the mixture constantly as it bubbles over the flames of an osage orange fire.

Assisting him at the time the photo was snapped were Allen Davis of Arenzville, Rufus Maine of Arenzville, Bill Huffman of Virginia and Troy Williams of Chapin.

Five free acts furnished by the Joe Smith company of St. Louis will perform this afternoon and tonight. A clown band from Springfield and Homer Huston and his trio will play during the day.

Arenzville was founded by Francis Arenz, Old Morgan county pioneer, in 1839.

Most of the ingredients needed for the 1,200 gallons of burgoo soup were donated by members of the community. Bud Morrison, soliciting committee chairman, said Wednesday.

"Those that were short on vegeta-

bles made a cash donation toward the purchase of certain ingredients," he said.

Donations included 180 hens or roosters, 20 bushels of potatoes, 240 gallons of tomatoes, 80 gallons of carrots and the same amount of onions. Purchases included 500 pounds of beef, 200 gallons of cabbage, 80 small bunches of celery, 20 pounds of suet and 32 dozen No. 2 cans of corn.

The annual event was formerly held in the Roegge grove, about a mile and one-half east of town. It is now held in the town square.

Sponsors this year are the American Legion, the Anti-Thief association and the Arenzville Community club.

Russell Norsiek is the chairman of the general committee, which included Robert Beard, Aldo Hierman, Bob Clark, Charles Crum and Edward Dober.

Simel declared. "But the records also show that the farms with the lowest incomes are also livestock farms. The difference is due to management."

"The appearance of acreage allotments and marketing quotas will tend to make the utilization of grass and legumes a big problem on most farms."

Good Cattle Scarce

Good cattle are beginning to get scarce, asserted Ed Lamb of the St. Louis Marketing association. Medium cattle are running in large numbers and selling under \$25, with grassers under \$20. Lamb said he believed the bluestem and Osage pasture run will be over by the first of October.

Last year good quality light weight steers cost \$31 in Texas, Lamb continued. This year they cost \$25.

He called the purchase of heavy fleshy feeders that need only a finish "a gambling proposition." Last year's buyers lost money.

He advised Morgan county feeders to stick with hogs. "They've made money 25 out of the 27 years," he said.

St. Louis is getting quite a few unfinished hogs and the price paid for these is low to top quality.

Farm Adviser E. H. Garlich was in charge of the meeting.

Feeder cattle prices have ebbed about 20% in the last year, Simel observed. Feed costs are much lower. Protein feed prices have declined and supplies are ample because of the second largest soybean and cotton crops and a large flax crop.

"Records show that the most profitable farms are livestock farms,"

will man these booths. Persons not reached in this way may send contributions in envelopes addressed to Polio, care of the local post office.

Gov. Stevenson Wednesday designated next week as "Emergency Polio Week in Illinois." He urged all citizens "to give generously."

ON NORTHWESTERN TRIP

Mr. and Mrs. Harold Birk and David, and Mrs. Margaret Birk are enroute to Portland, Ore., and Seattle, Wash. They will visit Mrs. Harold Birk's parents and other relatives on their trip.

TO ATTEND CONVENTION

The Woman's Relief Corps will meet Friday at 2 p. m. at the Legion Home. Plans will be discussed relative to attending the district convention at Barry on Oct. 17. All members are urged to be present.

NOTICE

Naples School will hold its third annual picnic, Sunday, Sept. 11 at the school.

Confidence that the entire community would give whole-hearted support to the polio epidemic emergency drive was expressed today by John Agger, chairman of the Morgan county chapter of the National Foundation for Infantile Paralysis.

The drive announced last night by Basil O'Connor, National Foundation president, is being held as a last resort because "in no other way can the National Foundation continue to aid increased numbers of polio patients without slowing down scientific research and professional education," he said.

It is the first emergency drive in the history of the fight against polio in the United States.

Contributions are needed quickly, Mr. Agger emphasized.

"We shall try to reach every one personally in the short week allotted for this emergency drive."

Two booths will be set upon the square and a solicitation similar to that conducted for the March of Dimes will take place. Service clubs, labor unions and other organizations

Edict Follows Request

Of Morgan Grand Jury;

Affects Lodges, Clubs

Orders to close down all gambling were issued last night by law enforcement officials following a sweeping grand jury request for strict enforcement of the gambling laws, without exception.

The complete elimination of all forms of gambling, even including bingo, in all clubs, lodges and at other gatherings in Morgan county was requested by the grand jury which was empaneled Wednesday morning by Judge Clem Smith in Circuit court.

The grand jury made its request in writing to State's Attorney Albert W. Hall shortly before 5 p. m. Wednesday after returning six indictments against local residents for various offenses.

The decision of the grand jurors with respect to gambling was arrived at after a long discussion which followed the presentation of facts by the State's Attorney concerning the enforcement of the gambling laws.

For some time bingo, slot machines and other forms of gambling in private lodges and clubs have been tolerated by Morgan county grand jurors although they have been fully cognizant and advised of the facts in each instance.

Precedent Followed

State's Attorney Hall said that he had followed regular precedent in keeping the grand jury completely informed as to law enforcement.

The full text of the grand jury's request follows:

"After due discussion the grand jury requests strict law enforcement in Morgan county with respect to gambling in any and all forms. This includes all forms of gambling, Bingo, in all lodges and other gatherings without exception.

"Dated this 7th day of September 1949."

Paul C. Hobbs was indicted on a robbery charge. His bond was placed at \$1,000.

Darlene Buckner, charged with assault with intent to kill and assault with a deadly weapon, was also indicted. Her bond was placed at \$1,000.

Elisha H. Lair, charged with endangering the life and health of a child, was indicted. The court fixed his bail at \$2,000.
